

Toronto Baptist Seminary & Bible College

This course is intended to introduce and orient Christian believers to the field of the Orthodox Church.

While many Christians in the West are familiar with the Roman Catholic Church and some of its teachings, there tends to be very little awareness and knowledge of what the Orthodox Church teaches both theologically and practically. This course will offer an introductory approach to this study so that the student can come away with a better understanding of Orthodox theology.

Thursday nights 6:30pm – 9:20pm

Course: Apol 803, 823 • Tuition: Undergrad \$696; Grad \$762; Audit \$220 • Credit: 3 hours
