

Digital Ministry Director - Job Posting

One Hope Canada is currently seeking a servant leader to join our team as *Digital Ministry Director* with the Ministry Resource Centre (MRC). This position is a virtual office environment; the applicant must live within Canada.

One Hope Canada is a national ministry partnering with the local church to develop life-long followers of Jesus by clearly communicating the Gospel to more than 30,000 children and youth each year through camps, community outreaches, and creative ministry strategies. In June 2020, One Hope Canada launched the *Faith Spark* app, a discipleship and follow-up tool for camps, churches, and other children's ministries in North America. The app makes it possible for ministry leaders to use a safe and secure digital platform to connect throughout the year with children in their ministry.

Reporting directly to the National Director, the *Digital Ministry Director* is entrusted with fulfilling the purpose of One Hope Canada through leading a compelling and sustaining vision and strategy for digital ministry which aligns with the Mission's overall purpose, vision, core values and strategic ends.

The successful applicant will have positive past experience in leadership roles, ideally with new initiatives. The applicant will also demonstrate flexibility, strong management and people skills, an aptitude towards technology, and will have an entrepreneurial drive.

This is a fast-paced, exciting ministry role where you will be stretched and encouraged as you experience God at work through His people.

Deadline to submit your resume is March 11, 2022. Email resumes to: melanie@onehopecanada.ca

Note: In addition to One Hope Canada being a place of employment, it is also a community of people united by their common Christian faith. Employment with One Hope Canada is inseparable from a faith commitment to Jesus Christ. All successful applicants must agree and sign One Hope Canada's Statement of Affirmation form.
