Grace Community Church in Brockville is seeking to mentor a male student, who senses the Lord's leading him to pastoral ministry. The student would be either college or seminary level and would be mentored at Grace over the coming Summer months (approximately mid-May to mid-Aug, 2023) in the practical aspects of pastoral ministry. This would be a full-time commitment over the course of 3 months.

The student would serve under the leadership of the elders of Grace to gain practical pastoral experience and depending on gifts and experience, would be given opportunities to be involved ministry such as preaching, teaching and various other leadership and church life situations.

Renumeration would be provided, for daily living costs while room and board would be with a mature Christian family. In addition to this, the amount of \$9180.00 would be gifted to cover future tuition or other expenses.

The elders at Grace, and the congregation, believe we need to invest ourselves into raising up another generation of solid reformed, expository preachers who are capable to pastor and lead churches for the next number of decades.

Grace is a reformed Baptist church, part of the Fellowship of Evangelical Baptist Churches in Canada and is located in Brockville which is approximately a 3 hours drive East of Toronto along the 401.

Pastor Allan McQuarrie would be glad to answer any questions, and look forward to meeting any students interested in this opportunity.
